EB-FH54

DATASHEET / BROCHURE

Make every presentation brighter, sharper and more collaborative, with this flexible, portable and reliable Full HD projector.

EB-FH54 is the ultimate Full HD wireless projection partner - perfect for delivering high quality presentations. Its stylish design makes the right impression in any environment, combined with a high brightness of 4,100 lumens. Reliable 3LCD technology keeps intervention and maintenance to a minimum - leaving you to enjoy years of high-quality, interruption-free meetings.

Created the right impression in any environment
The EB-FH54 is the perfect combination of high quality and high performance, offering a brightness of up to 4,100 lumens, powered by Epson's 3LCD technology. Providing professional sharp, clear content output for any working environment, enabling high-quality and engaging presentations without breaking the budget. To complete the immersive experience, high-quality sound is delivered via a built-in 16W speaker - making additional external speakers a thing of the past

Up to 304" display size to maximise audience engagement
With a scalable display size of up to 304'' - the EB-FH54 delivers crystal-clear, smooth images with Full HD 1080p resolution with a 240Hz refresh rate, enhanced by Scene Adaptive Gamma Correction for optimum brightness and contrast, and exceptional colour accuracy to deliver vibrant, true-to-life images free of distracting rainbow effects to keep audiences focused and engaged throughout any presentation.

Portable and flexible
Lightweight and compact, the EB-FH54 is easy to transport, offering flexibility. It features a simple setup with x1.62 zoom and automatic vertical keystone correction of ±30°. Quick setup functionality allows for effortless installation and use in any location.

High reliability and low maintenance
Designed for long-lasting performance, this projector offers a lamp life of up to 12,000 hours in ECO mode, reducing the need for frequent replacements and lowering maintenance costs. Backed by a 3-year warranty, it provides peace of mind.

A continued commitment around sustainability
Epson projectors are continuously developed, produced and packaged with sustainability at front of mind, demonstrating Epson's continuous journey towards carbon-neutrality with lower environmental impact

Stream and share easily
With Apple AirPlay 2 and Miracast connectivity[1], sharing content is quick and simple - users can wirelessly mirror their device screens to the display for seamless collaboration. The USB-A port also enables PC-free streaming, while additional options like HDBaseT and HDMI daisy-chaining further enhance flexibility.

KEY FEATURES

- **Bright and fast, meets big and flexible**
  Full HD, 4100 lumens brightness projector combined with 3LCD technology provides superior image quality and high engagement with a scalable display size up to 304".
- **Multi-device sharing**
  The Epson iProjection app connects and controls up to 4 devices, with a split-screen feature to display 2 image sources, eliminating the need for an extra projector.
- **Portable and versatile design**
  Lightweight and compact, this display is perfect for various spaces features a built-in speaker for easy setup.
- **Instant image correction**
  Auto Vertical Keystone instantly detects and corrects image distortion as you adjust the height with the foot lever, streamlining setup and saving valuable time.
- **Instant connectivity with Apple AirPlay 2 and Miracast[1]**
  Seamlessly share content from laptops, tablets, and smartphones - perfect for BYOD setups and collaborative environments.
- **Reliability and peace of mind**
  With Epson's trusted reliability, EB-FH54 offers a 3-year warranty with a long lamp life (12,000 hours in Eco mode), giving you continued usage time, after time.
